

How to Post to DFW International

Go to:

<http://www.dfwinternational.org>

Click on the post your event tab located on the right

A new window will open with the events template at the bottom of the page, and the following:

THANK YOU for POSTING YOUR EVENT with DFW International Community Alliance!

We're glad to provide you with this free calendar to promote your significant multicultural and ethnic events and we hope this collaboration helps you reach new audiences. Please note the criteria for our international calendar:

1. This cultural calendar is for **global, interfaith, ethnic, multicultural** (including 'Texan' / 'Americana') events.
2. If you are listing a meeting, please include the global topic or theme of the gathering rather than just saying 'monthly meeting' in the event title.
3. We don't usually approve postings for **classical music, chamber music, or classical ballet**.

We're sorry, but POSTINGS THAT DO NOT MEET OUR CRITERIA WILL NOT BE APPROVED.

1. Please use correct spelling. Events posted by texting without punctuation and capitalization will not be approved.
2. **DO NOT USE ALL CAPITAL** letters as our html system cannot recognize information posted in that manner.
3. Please **do NOT USE "QUOTES"** as our html system cannot read them.

If you don't see your event posting activated by our moderator, it probably has not met the criteria for this calendar.
