## Letter from the President

Good evening troopers, the word for the day is rain. Yes, we had several weeks with very little rain and finally God's nourishment from the heavens, and we sure needed it. In just a few hours our gardens are greener, our flowers are more vivid and the wonderful smell of fresh moist rain-soaked air!

For those of you who wanted to know how my weekend was and missed my Facebook posting, yes, I was at the Kid Zone area at the Germanfest in Muenster Texas! And yes, I'm the conductor of the great barrel train! Most of you know that I am a volunteer for the train which is very special to me! I reported for duty with my pen stripe overalls and first pass inspection by my little Kayson. As her little friends arrive, she grabs my hand and with a big smile, she says, "my PaPaw is the train conductor today" and as I loaded each child in their car, with the help of a step stool, you could see the child's big smile of anticipation of their ride! And as I glanced at the parents, they are also smiling and taking photographs! Over the weekend I probably drove that little train a hundred times around that little track on the grass, but you can bet I had a big smile on my face every time I pulled the train out of the station! I am so blessed!

In review of this month, our members traveled to visit the Pioneer Squares on April 8th. I had some reservations regarding the long distance to travel especially on a weeknight, but I was so appreciative, that so many couples were able to attend. Our home dances have been great with more of our members returning to the dance floor, hopefully with Covid behind us! And to round it off we began our SSD Extended Application classes, hats off to Toby, it's like a breath of fresh air and it makes me a better dancer!

Now onto visiting the Kissin Kuzzins square dance club for their 49<sup>th</sup> Anniversary Dance on April 29th. To give you some background the Kissin Kuzzins dance on the same dance night as we do, and this is a rare opportunity to visit them. I met with their President at the last NorTex meeting and expressed that we would visit! I would very much like to see you visit, but I understand that it is a long distance to travel, since this club is on Dairy Rd in Garland, and on a Friday night. The Grand March begins at 8:00p with workshops beginning at 7:00p. I will have room in my Chuckwagon for 4. I will leave the Denton Presbyterian hospital parking lot at 6:30p.

For our upcoming Month "Yee Ha" my monthly visitation dance night request for May, I would like the Triangles to visit the Dixie Chainers for their special Kentucky Derby Hat Night on May 7<sup>th</sup>. Grand March begins at 7:30p. Ok ladies, this is a chance to sport your fashionable bonnets/hats and us guy to show off our special lids! I have a pure white Resistol in mind and my Ms. Carol will be adorn in a southern belle bonnet. I have also chosen this dance because it is the closest club to us, Farmers Branch. Some of our member that do not feel comfortable traveling a longer distance may attend. This dance is on Saturday, hopefully with less traffic, and yes, I have room in my Chuckwagon for three. I will leave the hospital at 6:30p. (Remember troopers order them' flowers early cuz Sunday is Mother's Day, just saying')

Thank you for your time,  
Dale & Ms. Carol

### Words from Pat & Marsha about Travel Dances

We would like to thank you for the travel support during April. We know it has been a very busy month. May won't be quite as busy. We managed to get two of our banners back and we got the Pioneers banner. It is a lot of fun playing the banner game. We are also working on getting our club visitation patch. It takes three couples at a dance to get the signature.

Triangles are a strong club and we need to let NORTEX know we are here. Folks seem to think it is so far to come up here. If we go visit, they will come visit us. Check the flyers about upcoming dances of other clubs when you are at a Triangles event. Please think about coming with us. We really do have fun.

Thanks for your time-Yellow Rocks!
