   • The place, time, and dates of regular club dances. (These should be in your CLUB DANCE DIRECTORY AD.)
   • Personal write-ups of individuals in your club. (Confine this type of news to your club newsletter.)
   • Articles without news just to have your club name in the headlines. NORTEX does not require a club’s report every month; however, reporters are encouraged to send in their club news articles when the content is newsworthy.

5. PLEASE limit your news article to no more than 350 words.

6. ADVERTISE DANCES for the back page: Clubs that submit a paid ad are entitled to a listing on the back page, BUT information needs to be submitted on ADVERTISED DANCES report form.

Neither is published until cleared with the club president.

9. FUTURE DANCES COLUMN: This column is designed to let clubs advertise up to a year in advance the dates they have chosen for annual or anniversary dances. This listing will run until two months before date of the special. Clubs normally will advertise their dances at that point, thus allowing them a listing on the Advertised Dances back page. By using this Future Dances Column, other clubs can be aware of the date of your dance and may try to avoid scheduling a special dance on the same date.

10. SPELLING: Check all spelling before submitting items for publication. If there are names included in your articles, such as new officers, please type or print all names for easier reading.

11. SUGGESTIONS: Forms are best mailed in a business envelope. Also, save the above requirements for future use and pass on to your successor.

NORTEX LIABILITY INSURANCE PLAN

NORTEX offers to its member clubs insurance protection in case of liability claims arising from square, round, and clogging dance activities. All member clubs are required to participate in the insurance program, and 100% participation of the club membership is required. Each member club enrolls all of its members except those that are enrolled with another club. Dancers holding membership in more than one NORTEX club pay insurance premiums through their “home club”. The insurance policy effective date is currently August 15. NORTEX is billed annually by the insurance carrier and pays the insurance premium in one lump sum. When requested, NORTEX clubs provide a roster of members to the NORTEX Insurance Director and submit one check payable to NORTEX based on the current rate of $2.50 per club member. There is no grace period, and insurance premiums are due and payable to NORTEX when billed by the NORTEX Insurance Director.

The current insurance plan protects NORTEX and its member clubs should an injury occur at a dance premises (NORTEX business meeting, Round-Up, or club dance locations). Many NORTEX clubs dance in facilities that require certificates of liability insurance naming the facility as an additional insured under the NORTEX policy. These certificates can be requested from the NORTEX Insurance Director and provided to the various facilities by the insurance carrier. **Reminding you that each dancer who pays NORTEX dues is an insured party under the policy, the liability insurance protection only extends to third parties (independent dancers or spectators). This insurance protection does not provide coverage for injury sustained by members of any NORTEX club. For example, if a member of Circle I attends a Stone Stepper dance at Stone Steppers dance location at the Balch Springs Civic Center (remember that Circle I and Stone Steppers are each a NORTEX club), and a member of Circle I falls due to coffee spilled in the refreshment area, no coverage would be afforded to Stone Steppers by the NORTEX policy since the Circle I member is an insured party under the NORTEX policy. If a non-dancing visitor, however, attends a Stone Stepper dance, (for example, a resident of Balch Springs just stopping by the Civic Center) and falls at the dance facility due to the coffee spilled in the refreshment area, Stone Steppers would be protected for any claims arising from the injury to this non-dancing, third party, guest.**

This situation is not exclusive to the policy secured by NORTEX. An insured party can never be liable for itself. (If you back out of your garage in one of your vehicles and hit another of your owned vehicles, there is no liability coverage provided by your automobile insurance policy. You cannot be liable for damage sustained to your own vehicle. Should you carry collision coverage on your vehicle(s), the damage sustained to your vehicles could be repaired under the collision coverage, not the liability coverage).

Often NORTEX dancers ask, **“Is this the insurance that will prevent us from being sued?”** We wish that there was an insurance policy available that could prevent litigation, but there is no such policy available to any entity, any person, anywhere! In our litigious society, NORTEX and its member clubs could be sued at any time for any reason. The current insurance policy secured through NORTEX, however, would be our source of protection for bodily injury or property damage sustained at a dance location by a THIRD PARTY.
NORTEX INSURANCE COVERAGE (continued)

Claims adjustors, and if necessary, attorneys, provided by the NORTEX insurance carrier, would represent NORTEX and/or its member clubs and help in the settlement of any proposed claim, but the policy cannot prevent us from being sued.

Under the current insurance plan, the limit of coverage for bodily injury and property damage combined in a single limit per occurrence is $2,000,000 with an aggregate limit of $4,000,000.

Per action of the NORTEX delegates, there is currently no accident coverage provided by NORTEX.
BMI AND ASCAP

1. BMI and ASCAP are national organizations formed to collect royalties on copyrighted music for its members.

2. It is a very complicated structure; the important aspects to remember are listed below.

   * Be sure your caller is licensed by BMI and ASCAP.
   * Damages for copyright infringement range from $500 to $20,000 per song.
   * Any activity that is public, regardless of where it is performed requires the sponsors to assure proper licenses.
   * If in doubt about the activity, contact your caller association or your NORTEX officers. (They can obtain an answer for you.)

3. If the caller and cuer are not licensed, they are not in trouble: **THE CLUB IS RESPONSIBLE.**
DANCE CLASSES

RECRUITING:

Preparation is essential for a successful recruiting program. Clubs most successful in recruiting are using one of the following:

1. Each member turns in names of prospects to a lesson chairman, who in turn sends a letter of invitation (with RSVP) for a patio party, hamburger cook-out, etc. This event needs to be well planned to include fun things to do to get acquainted. With a touch of modern western square dance flavor they can taste the fun and fellowship that goes on in the club. Then give them the date and time of the first lesson and ask them to come with their angel to continue the friendships they have just made.

2. Invite friends in your community for a potluck dinner, using suggestions mentioned above.

3. Plan a one-night stand with church groups or other organizations to promote interest in square dancing.

4. Have a benefit dance for a charitable cause, getting friends, and people interested in the charity involved in the planning, fun, and fellowship.

5. A well though out lesson plan, like a cake recipe, must include all the ingredients at the club’s disposal. Preparation is most important, and that means starting EARLY. Keep in mind the following:

   * A good instructor and number of movements to be taught.
   * Location.
   * Publicity.
   * Angels.
   * Lesson schedule.

ANGELS FOR LESSONS.

Lessons are usually the largest undertaking in which clubs will be involved, taking four to five months. This does not include preplanning and after-graduation planning to keep new dancers.

In the club lesson plan, careful attention must be given to angels. This should be thoroughly discussed by the club and instructor as to how much angels will be used. Thoughts may vary on the use and number of angels. If all the club members will not be acting as angels, then the club should have some sort of social activity where students and members can get acquainted.
DANCE CLASSES (continued)

Club members should bring students to lessons until they want to come on their own. See that they get to new dancer dances. Don’t forget them after they graduate. Invite them to go with you to dances. Encourage and help them get acquainted with their new activity.

Angles and club members who come to the lessons but who are not needed to fill squares should leave the area where instruction is taking place. There should be no loud talking or laughing to cause distractions.

There is no need for angels and club members to do a “plus tip” during breaks. The many different moves can be discouraging to students.

Some duties of angels include:

* Help with set-up where lessons are held.
* Assist with light refreshments.
* Fill squares enthusiastically when necessary so all students are on the floor.
* Must dance as students; remember to set good examples.
* Let the instructor do ALL the teaching; ONLT assist the instructor when called on.
* Will silently hold out a hand or point to the correct spot to help a student. Sometimes
  * you have to let them make mistakes; that also teaches.
* Encourage slow learners and help build their confidence.
* Get to know all students by mixing and socializing at break time.
* Never discuss club politics.

LESSON SCHEDULE

Clubs should start early preparing students for a firm foundation for club membership. Recruiting is over by the third lesson, and students should begin receiving useful information about square dancing. NORTEX educational materials should be given out at different times, alternating with club newsletters or short talks at break time. In this way, they will absorb and digest the information and interesting tidbits that are new and exciting to them. Also it will be something to tell friends and relatives about their new activity.
LESSON SCHEDULE (continued)

Suggestions for lessons:

Lesson 3 Club gets balance of students signed up. NORTEX can hand out copies of *Promenades*.
Lesson 4 NORTEX handouts titled “New Dancer Handbooks”
Lesson 5 Brief club history and student roster.
Lesson 6
Lesson 7 Explain social functions of club (e.g., after parties, picnics, etc.).
Lesson 8
Lesson 9 Tell about community activities in which club has taken part (e.g., parades, benefit dances, nursing homes, etc.).
Lesson 10 Explain Friendship Badge card (e.g., what they are for, how to use them).
Lesson 11
Lesson 12 A club officer should explain club membership, and responsibilities: invite students to join the club.
Lesson 13 NORTEX officer (usually the Area VP) talks briefly about NORTEX (e.g., organization, meeting, Round-Up, etc.).
Lesson 14 Discuss club visitations, banner game, and club dress.
Lesson 15 Club Officer/NORTEX officer should furnish club with diplomas and again invite students to join club in order to receive the *Promenade* ASAP.

At graduation the club should give out club badges to those who have joined, along with their diploma. A current *Promenade* should be handed out by the Area VP along with a letter from the NORTEX President titled “Welcome to the World of Square Dancing.”

The lesson chairman should coordinate with the instructor on materials given to new dancers.

We welcome the new dancers to this wonderful activity. Explain that square dancing is not an activity that is here today and gone tomorrow. It is the “National Folk Dance” and the “Folk Dance of Texas.” Dancing ability will improve in direct proportion to the number of dances attended and different callers heard. Invite new dancers to assist in recruiting new students and serve as angels at the next set of lessons. This will not only be a fresher course but also be an opportunity to get better acquainted with the activity and make new friends.
RETAINING DANCERS

INTRODUCTION

Retaining dancers is one of the most important tasks within the square dance movement. It is the responsibility of all dancers, the caller, cuer, and officers to retain their dancers. There are many reasons that dancers leave the activity. Some reasons are beyond anyone’s control such as health, moving, change in work schedule, finances, age or a change in family situations. There are other reasons for dancers “dropping out” that the dancing community can prevent such as unable to maintain the level of dancing, peer pressure, not feeling welcome, too much responsibility too fast, problems within the club, or other things that make the dancer uncomfortable. It is the responsibility of the caller, officers, and members to avoid a situation that contributes to the dropout of any dancer.

THE CLUB

There are three phases when a club can lose dancers: in beginner lessons, in the transition from lessons to the club, and in the club. In lessons the new dancer may be a slow learner or very insecure. The club members should help them feel secure by helping them with the figures under the direction of the caller, and assure them that they are progressing and will achieve their goals. The club members should meet the new dancers and establish a relationship prior to their first “Club Dance.” The new dancers are entering a new magic, mythical world, and without tender loving care, they may decide square dancing is not for them. Some club members may isolate themselves from the new dancers or unintentionally snub the new dancer, which may drive the new dancers away from the club. There are many of those who would like to become more active in club functions or club management, but are afraid to volunteer or are unsure of the associated responsibilities. It is imperative that the club is responsive to the needs of new and existing dancers.

THE CALLER

The caller has the responsibility of being sure the new dancers are ready for the club, and keeps the evening dance program moving along at a pace that the dancers will enjoy. He/she can also help with keeping cliques at a minimum and maintaining excitement and enthusiasm in the club activities.

THE CLUB OFFICERS

Although the officers run the business of the club, they also must keep peace and harmony within the club. One of their prime duties is to make everyone feel WELCOME at the club. Each member must be made to feel that he or she belongs. A proven method is to invite every member to participate in some club service, such as serving food, welcoming the visitors, setting up the building for the dance or cleaning up after, sending cards to the members that missed the dance or are ill, etc. The officers can help the new dancer by dancing with them and introducing them to other members and visitors. The officers must ensure the planning, preparation and conduct of an exciting dance night, which will be remembered and enjoyed by the dancers.
RETAINING DANCERS (continued)

THE CLUB MEMBERS

Club members also have responsibilities. They can add fun, fellowship and enjoyment to the dance by speaking to other dancers, smiling, being friendly, and by being considerate of the feelings of others. Club members should be respectful of the opinions of others. They should attend all club functions and be willing to help in any part of the club operations. Members should set an example and demonstrate to others that they can contribute and are interested in the club activities. Every club member can help maintain harmony by remembering, “Do unto others as you would want them to do unto you.”

DANCE PROGRAM

Many new dancers and slower learners need extra help. A workshop before the club dance, working with the slow learners may assist in resolving these problems. It is very important to encourage them and not “PUT’ them down. Some dancers may find the dance program is not “Challenging” enough. This can be solved by having a higher level or “hot hash” tip during the dance. The dancers that don’t feel they can do it will not feel put out. The caller can help by preparing and presenting a program and using figures in such a manner that the dancers will feel that they are being challenged.

PEER PRESSURE

The club caller, officers, and other dancers may inadvertently put pressure on the new dancer. The caller may want to call a more challenging dance, so he teaches all the latest figures. Some dancers may want to come have fun and relax and not become perpetual students. The officers may ask too much of a dancer’s time through visitations and meetings or ask them to do too much and not just let a new member have fun. Club members should not “look down” at the dancer who cannot go visiting, learn all the new figures, or do work within the club. There may be valid reasons that a member cannot do all these things.

RESPONSIBILITY

There are some members who want to participate in club activities and some who will do very little. It is important that the club members understand and respect the degree of involvement that each member is willing to give. But it is equally important that all members understand their obligations as a member of a volunteer social activity and to do their fair share of the work. New dancers may be very eager and may take on duties for which they are not prepared. In so doing, they may get discouraged or may receive complaints if they have not fulfilled their duties properly. Since this is a hobby that is supposed to be fun and if their joy becomes a burden, they may drop out and seek another hobby.
SUMMARY

Every individual associated with the club must understand and recognize their responsibilities in the retention of dancers. Dancers are the lifeblood of the square dance activity.

SQUARE DANCERS
HOW TO GET’EM –HOW TO KEEP’EM

I. How to get new dancers.
   A. Advertising
      1. Radio
         a. Spot announcements-paid
         b. Community bulletin boards-free
      2. Television
         a. CALLERLAB has promotional video
         b. Plan exhibition dancing
      3. Newspaper
         a. Ask them to visit your club
            1. Anniversary or some other celebration
            2. Community involvement
            3. Have knowledgeable person interact with the reporter (e.g.,
               knowledge of history of square dance, history of club,
               general structure of hierarchy of square dance organization)
      4. Demonstration dances
         a. CALLERLAB has promotional video
         b. Plan exhibition dancing
         c. Make sure that dancers smile a lot
      5. Posters
         a. NORTEX provides poster
         b. Place where the audience you want to attract does business
   B. Individual contacts - most important method of obtaining class members
      1. Personally invite person(s) to open house
      2. Offer to pick them up and transport to open house
         a. Very intimidating to go where you don’t know people
         b. Person(s) less likely to back out at last minute
   C. Provide unique classes
      1. Offer classes that run only 10 weeks (e.g., 10/10/10) lessons
         a. Limited commitment from students
         b. Opportunity to become "angel" for next class
      2. Whatever works-do it! Then pass the word
      3. If your club doesn't have enough dancers for a class, try combining
         classes with another club or multiple clubs and callers. You may lose
         students to another club, but you may also gain students from another
         club. It’s a two-edged sword.
II. How to keep new dancers.
   A. Get them involved as soon as possible
      1. Ask for their help in planning special events
      2. Don't treat them as just more "warm bodies" or "worker bees"
      3. Solicit their opinions
      4. Delegate responsibility
   B. Don't ask them to take command of the club too soon
      1. New dancers don't have the requisite knowledge to become officers in the club
      2. The responsibility of office, given too soon, will drive them out of square dancing.
   C. Plan a non-square dancing event that involves all club members
      1. Monthly pizza parties (Dutch treat)
      2. Annual barbeque
      3. Christmas party, etc.
   D. Help your weaker dancers
      1. Ask them to dance in your square
      2. You and your spouse can get the couple to separate and dance in different squares
      3. Don't treat them in any way that you wouldn't want to be treated

III. What to do if your dancers leave
   A. Find out the reason that they are leaving; things such as health, change of jobs, moving out of area, injuries, etc., cannot be helped.
   B. Determine if they are just leaving the club or leaving square dancing.
      1. If they are leaving the club for reasons other than moving, try to determine the reason. This may be something you and the other officers or club members can fix.
      2. If they are leaving square dancing for reasons other than health or injuries, find out why.
      3. Try to find out in a nice way why they are leaving and what it would take to get them to come back.

SQUARE DANCING SHOULD BE FUN! FUN! FUN!!!!
The Banner Game was established many years ago in order to promote dance visitations between NORTEX clubs. NORTEX has devised the following general guidelines for playing the game so that problems can be circumvented. No NORTEX club is required to participate in the Banner Game. Final decision as to any disagreement is left to the discretion of the host club President.

SECTION #1 Each club should have a club banner and multiple traveling banners. In the event all host club’s banners have been captured a substitute maybe used.

SECTION #2 The following may not be counted toward the square claiming a banner:
(A) Any non-paying dancer.
(B) 8 dancers of the clubs total dancers visiting to retrieve their own banner.

SECTION #3 Retrieving Banners:
(A) A visiting club must retrieve their banner before they are allowed to capture a host clubs banner.
(B) To retrieve a banner the club must take at least eight paying dancers.
(C) If a host club has held a visiting club’s banner for more than one year, one paying dancer from that club may retrieve it.
(D) When a club changes dance night, it is suggested that they return all banners to clubs dancing the same night, as this would result in difficulty retrieving their club banner.

SECTION #4 Awarding banners:
(A) No host club is required to relinquish more than one banner to any visiting club.
(B) The visiting club that has the most members present, sixteen or more paying dancers, is entitled to the banner of the host club. If there is the same number of members from more than one club, the club that has traveled the farthest is entitled to the banner.
(C) All visiting clubs that have eight or more paying dancers present are eligible for a banner drawing. A banner will be given to the club drawn. A club that has won the banner for the most members present may not participate in the drawing.
(D) A club visiting another club that dances on the same night should not expect to be awarded a banner, even though it may have the most members present.

Note: Clubs may award more than one banner at a dance, if they want to, and they may award a banner to a club with less than the suggested number in attendance, if they want to. However, host clubs should be fair and equitable with all clubs visiting.
SECTION #5  Advertising:
(A) Clubs playing the banner game should indicate in their advertising any change in their policy.
(B) It is suggested, if you are participating in a banner drawing to indicate “Banner Drawing” in your Club Directory Ad.

SECTION #6  Before visitations, always call the President of the club you are going to visit.

LAST, AND MOST IMPORTANT – THE BANNER GAME WAS ESTABLISHED FOR THE FUN AND ENJOYMENT OF ALL NORTEX DANCERS.

BANNERS

1. If your club chooses to play the banner game, you will need to designate one member to be responsible (usually the V.P.)

2. That person will keep and maintain a record of your club banners.
   * The club(s) who have your traveling banner(s).
   * How long the club(s) have had the banner(s).
   * The designated person will need to help in planning club visitations to capture banners or to retrieve banners.
   * The banner game is helpful to obtain more participation between clubs at times of special dances (e.g., anniversary dances).
   * Visitation and friendliness are essential for clubs to grow.
